

SOPHIA CATHERINE FERNANDES

Machine Learning Engineer | Hyderabad | sophia.fernandes.ai@gmail.com | +91 98452 67184

Professional Summary

Machine Learning Engineer with 3+ years of experience developing, evaluating and deploying ML models using Python, TensorFlow, PyTorch and Scikit-learn for healthcare AI.

Technical Skills

Python, SQL, TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy, OpenCV, FastAPI, MLflow, Docker, PostgreSQL, AWS SageMaker, Git.

Experience

Machine Learning Engineer – MediVision AI Solutions Pvt. Ltd. (Mar 2023–Present)

Built predictive models, feature engineering pipelines, deployed FastAPI services, improved accuracy to 96.1%, reduced inference latency by 35%, automated retraining workflows.

Projects

- AI-Based Pneumonia Detection
- Patient Readmission Prediction
- Medical Report NLP Analyzer
- Diabetes Risk Prediction Platform

Education

B.Tech in Artificial Intelligence & Data Science, CGPA: 9.18/10

Certifications

TensorFlow Developer • Deep Learning Specialization • AWS ML Foundations • Python for Data Science
