

Aarav Sharma

Email: aarav.sharma@email.com | Phone: +91 98765 43210 | Bengaluru, India

Professional Summary

Python & Machine Learning Engineer with 3+ years of experience building ML models, REST APIs, and AI-powered applications. Skilled in Python, TensorFlow, Django, data analysis, and deployment.

Technical Skills

Languages: Python, SQL, Bash

ML/AI: Machine Learning, Deep Learning, TensorFlow, Keras, Scikit-learn, Pandas, NumPy, OpenCV, NLP, Matplotlib, Seaborn

Frameworks: Django, Flask, FastAPI

Databases: MySQL, PostgreSQL, SQLite, MongoDB

Cloud/Tools: Git, GitHub, Docker, Linux, Streamlit, Jupyter, VS Code, REST APIs

Experience

Machine Learning Engineer - ABC Tech (2023-Present)

Built predictive models, developed Django APIs, deployed TensorFlow models, improved accuracy by 15%, automated ETL pipelines.

Projects

- Resume Screening System using Python, LangChain, FAISS, Streamlit.
- Customer Churn Prediction using Scikit-learn.
- Image Classification using TensorFlow CNN.
- Sentiment Analysis using NLP.
- Django Employee Management System.

Education

B.Tech in Artificial Intelligence and Data Science

Certifications

TensorFlow Developer, Python for Data Science, Machine Learning Specialization
